## Demands Exceed Our Crop Supply

Again this week the demand exceeds the supply of succulent sweet corn and the price has been hovering around \$3.50 during the week. The price on white corn even went as high as \$4.00 per crate.

Beans were so scarce that a market price could not be established on them during the first part of the week. Lately they have been bringing good money and what few growers had some realized a profitable price.

Cucumbers were very light in number and the price was around \$7.00 per bushel. The demand exceeded the supply which naturally brought on the high price.

The demand has been very good on peppers and the price has been in the neighborhood of \$4.50 per bushel.

Sugar mills were closed down two days the first of the week on account of the rains. Bryant and Clewiston mills continued to operate during that time because those two mills have sugar cane delivered by rail.

## Reserved Tags Now Available

Mrs. George C. Young of the tag office at the Glades Office Building in Belle Glade would like to remind all persons who had a reserved tag last year that this is the month to reserve your tag. No phone calls will be made to remind any person to reserve tags, as there is such a large number of persons reserving tags.

Last year 209 tag numbers were reserved. During the month of January, so far, ten percent of the tag numbers have again been reserved. Anyone who wishes to reserve the same tag number as they had last year must do so during the month of January.

Reserve tags cost \$1.00 more than regular prices. D tags cost regularly \$14.00, reserved tags cost \$15.00. Regular tags cost \$22.22, reserved tags cost \$23.22. W tags cost \$30.34, reserved tags cost \$31.34, and WW tags cost \$38.47, reserved tags cost \$39.47.

Anyone who wishes to reserve a tag for the first time may do so during the month of February, if the tag number is not already reserved. To reserve a tag, you must come to the Tag Office at the Glades Office Building.

Mock will supervise work and consult with the contractors until the commission names a replacement to Russell and Axon Consulting Engineer, whose contract it cancelled two weeks ago.

# New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

*The Treasury explains why the new ones you buy and the ones you own now are better than ever*

**Q: How does the new  $3\frac{3}{4}\%$  interest rate benefit me?**

**A:** With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to  $2\frac{1}{4}\%$  for the first year and a half; then a guaranteed  $4\%$  each year to maturity.

**Q: When did the new rate become effective?**

**A:** June 1, 1959.

**Q: Does the new rate change the Bonds I bought before June 1, 1959?**

**A:** All older E and H Bonds pay more now—an extra  $\frac{1}{2}\%$  from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

**Q: Will the Bonds I own automatically earn their new rate?**

**A:** Yes. You don't need to do a thing—just hold on to your Bonds.

**Q: When my E Bonds mature, will they keep on earning interest?**

**A:** Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

**Q: With the new interest rate, should I cash in my old Bonds and buy new ones?**

**A:** No. The automatic  $\frac{1}{2}\%$  increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

**Q: How are series H Bonds different from series E Bonds?**

**A:** The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

**Q: In what denominations can I buy series E and series H Bonds?**

**A: E Bonds:** \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

**H Bonds:** \$500, \$1,000, \$5,000, and \$10,000. They are priced at face value.

**Q: How safe are U.S. Savings Bonds?**

**A:** Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

**Q: What if my Bonds should be lost, stolen or destroyed?**

**A:** You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

**Q: Where can I buy Bonds?**

**A:** Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

**Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?**

**A:** Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy strong.

**YOU SAVE MORE THAN MONEY WITH  
U. S. SAVINGS BONDS**

## Dickinson Will Fight Excise Tax

State Comptroller Fred O. Dickinson says he will carry an official Florida protest to Washington this month against a proposed federal tax law to regulate state sales taxes.

The legislation to come before a House judiciary subcommittee is set for hearing January 26. Dickinson will represent Governor Haydon Burns and other Cabinet members in opposing the proposed legislation before the subcommittee.

The federal legislation, according to Dickinson, would take from Florida its jurisdiction to collect taxes on interstate sales, or else would force the state to adopt a model federal law which would raise taxes about \$72 million a year.

Rickey Parker, son of Mr. and Mrs. J. P. Parker of Canal Point, has returned to his studies at Florida Southern College in Lakeland following a visit with his parents during the Christmas holidays.

## Shirley Circle In Regular Meet

The Gertrude Shirley Circle of the Pahokee First Methodist Church met at the home of Mrs. Lloyd Hundley on Tuesday. There were two guests present at the meeting. They were Mrs. Harold Friend of Wichita, Kansas, and Mrs. Leah Isenhardt of Denver, Colorado, house guests of Mr. and Mrs. Lloyd Hundley.

During the business meeting, the members discussed having a central headquarters for hospital equipment for use by anyone who needs the equipment and would like to borrow it instead of buying them each time the equipment is needed. Shut-ins were discussed and the members told of their visits to them. The VISTA program was also discussed and plans were in the offing to try to help to tutor the children and give them clothes, books and notions.

Mrs. John Briley, program chairman, was in charge of the program, "Where the Women Are." Mrs. Hundley closed the meeting with a prayer.

Twelve members were present at the January meeting and the February meeting will be held at the home of Mrs. Glenn Brower.

## New Exhibit Fruits At Citrus Show

The Florida State Department of Agriculture in cooperation with the Florida Fruit and Vegetable Association will unveil a newly designed exhibit that will portray "the complete picture of Florida agriculture under the SunFLAVOR program" which will be a highlight of the 1966 Florida Citrus Showcase.

Festival Week of the Citrus Showcase will run February 12-19 in Winter Haven at the giant domed new building.

"We naturally welcome the Department of Agriculture and the Florida Fruit and Vegetable Association's cooperation as well as the aid we are receiving from other organizations such as the Florida Citrus Commission, Florida Citrus Mutual and Florida Fresh Citrus Shippers Association," Richard C. Kingham, President of the Showcase stated.

What is billed by its sponsors, the Winter Haven Jaycees, as the "biggest and best parade yet" will signal the opening of the 1966 Festival-Week, Saturday, February 12. The 42nd annual Citrus Queen Contest will also be staged as a major attraction of Festival Week.

## How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
